

Division of Flood Management

2012 Preseason Flood Coordination Meetings

Department of Water Resources

What are the Preseason Flood Coordination Meetings?

Under the FloodSAFE Flood Emergency Response Program, the Department of Water Resources (DWR), Flood Operations Center (FOC), along with our local, State, and federal partners will provide an overview of current and future weather and water conditions, DWR flood preparedness and emergency response activities, levee threat mitigation and assessments, flood system vulnerabilities, grants, and other related topics.

Who should attend these meetings?

Water managers, emergency responders, and managers who deal with flood preparedness and response.

DWR Flood Operation Center Staff will be hosting meetings in the following locations:

Southern California

Ventura	October 10
Riverside	October 11
San Diego	October 12

Northern California

Stockton	October 22
Fresno	October 23
Sacramento	October 24
Red Bluff	October 25
Yuba City	October 26
Napa	October 30
Watsonville	November 8
Eureka	November 14

The format for these meetings has been revised to encourage the exchange of flood season preparedness activities between local, State, and federal agencies.

For questions regarding this year's preseason meetings, contact the FOC Coordinator at:
